

DEBIT CARD ACTIVATION AND PIN/rePIN

1. You must have the physical card to complete a PIN selection.
2. Authentication is performed using information already in our system, including card number, last four digits of your Social Security number, CVV2/CVC2 and expiration date.
3. You must call from a specific telephone number on file.

Please remember: Never write down or disclose your PIN to anyone, including law enforcement, your financial institution or family.
