### **Customer Information and Enrollment Form**

Name: \_\_\_\_\_ Signature: \_\_\_\_\_

Address: \_\_\_\_\_ City/State/Zip: \_\_\_\_\_

Round Up Transfer From: \_\_\_\_\_

*\*Must be a checking account*

Round Up Transfer To: \_\_\_\_\_

*\*Limited to 1 savings account*

#### **Terms and Conditions**

When you enroll in our eZSaver program, all debit cards associated with the primary withdrawal account will be enrolled in eZSaver. Everytime you use your Northern Interstate Bank Debit Card, the amount you spend will be rounded up to the next whole dollar. The extra amount will be automatically deposited into the savings account of your choice at Northern Interstate Bank.

Each transaction will be calculated separately, resulting in two debit entries from your checking for each purchase. One will show the actual transaction amount and the other will show the amount that is transferred into the account selected above.

If there are not sufficient funds in the checking account, the round up transaction will not occur. If your debit card transaction is reversed or cancelled, the original amount that was rounded up will remain in your designated account. If either account associated with the eZSaver program is closed, the eZSaver program will be terminated. Northern Interstate Bank reserves the right to modify or cancel the program at any time.
